

ADVERTISEMENT FOR CONTRACTOR PREQUALIFICATION

CHASTAIN MEADOWS REGIONAL STORMWATER MANAGEMENT FACILITY (CMRSWMF)

PROGRAM NO. SW0867

for

THE BOARD OF COMMISSIONERS OF COBB COUNTY, GEORGIA

Statements of Qualifications from contractors interested in performing general construction associated with the Chastain Meadows Regional Stormwater Management Facility (CMRSWMF) project will be received by the **COBB COUNTY BOARD OF COMMISSIONERS**, herein referred to as "**Owner**", at the offices of the **Purchasing Department, 1772 County Services Parkway, Marietta, Georgia 30008**, until **12:00 Noon** (local time) on **Thursday, February 14, 2008**. The project name and project number must be shown on the outside of the envelope. **No applications will be accepted after the 12:00 Noon deadline.** Those received late will be returned unopened.

Prequalification applications will be opened at 2:00 PM (local time) on **Thursday, February 14, 2008**, in the **Purchasing Department Bid Room, Purchasing Department, 1772 County Services Parkway, Marietta, Georgia 30008**. Applications will be accepted only from Contractors who are listed on the Prequalification Package Holders List, signifying that they have obtained an application package from the Purchasing Department.

Technical qualifications and resources of personnel and plant will be required for the construction of the proposed Roller Compacted Concrete core dam at Chastain Meadows Parkway. The construction cost for the improvements to the facility has been estimated at approximately \$5 million. The project consists of two divisions of work that include the following major elements:

- 1100-ft (+/-) length of Roller Compacted Core (RCC)
- a central 300-foot concrete ogee-shaped overflow spillway
- 80 linear feet of quadruple barrel reinforced concrete culvert (Phase 1)
- 9-ft high, 47-feet x 27-feet drop box outlet control structure with a central 5-foot wide slot extending from the top of the box at Elevation 919 to down the flow-line of the existing creek at Elevation 910.
- Alluvial backfill side slopes at 4 horizontal on 1 vertical.

Any firm who wishes to bid on the CMRFMF is required to complete and submit the Application for Prequalification documents (including all instructions and forms). **Only Contractors who have been prequalified by the Owner through this process will be allowed to bid on this project.**

The prequalification application may be requested by **FAXing** the following information to John Flood, at 770-528-1154 or **e-mailing** requests to purchasing@cobbcounty.org: Please include: company name, contact name, company address, phone number and FAX number. Please reference the proposal (program) number and the title of the proposal in the request.

This is not a solicitation for bid proposals. No guarantees, express or implied, are made that the Project will be constructed as described, or that the Project will be constructed at all. The Cobb County Water System reserves the right to revise, change, modify, or delete the Project or schedule. Prospective bidders responding to this notice do so at their own risk and option and therefore assume full responsibility for all costs associated with the preparation of the Application.
