Project Description: The project will consist of approximately 1 mile of sidewalk along the west side of Six Flags Drive from Crestside Drive to Riverside Parkway. A design will need to be completed for approximately 770 feet of missing sections of sidewalk along the east side of Six Flags Drive from Springchase Way to Riverside Parkway. The existing drainage facilities will need to be analyzed to accommodate future runoff from the sections of road where curb and gutter will need to be designed. Other additional signal modifications may be required to accommodate pedestrians at Six Flags Drive and Riverside Parkway.
